Hi Paul,

I won't be able to enter it into your favorites until tomorrow. I just put it into Compass today.

Judy

Subject: Help with a New Account

Hey Judy,

I hope all is well. So last week I went up on a Chemical fire in Williston, ND. It is called the Red River Supply Site (or something close to that) I'm not sure they have put all the accounting strings together, but I'm definitely sure I can't build one in People Pus. Could you help?

Thanks a ton of tons.

paul
